Education

University of Washington, Seattle

GPA: 3.90/4.0

Class of 2024

Computer Science Major at the Paul G. Allen School

Relevant courses:

Data Structures and Parallelism (CSE332)

Software Design & Implementation (CSE331)

Hardware/Software Interface (CSE351)

Systems Programming (CSE333)

Data Science Foundations (INFO201)

Foundations of Computing II (CSE312)

Beginning Scientific Computing (AMATH301)

Foundations of Computing I (CSE311)

Programming Languages (CSE341)

Computer Programming II (CSE143)

Calculus with Analytic Geometry III (MATH126)

Intermediate Microeconomics (ECON300)

Proficiency: Java

Other Languages: Python, JavaScript, React

Newport High School, Bellevue, WA

GPA: 3.96/4.0

Class of 2020

Projects

- **Personal Website**
 - Built responsive web portfolios from scratch using HTML5, CSS, and JavaScript
- **Machine Learning (TensorFlow)**
 - Created a Neural Network that categorizes clothes, expanded it to process images off the internet
- **Data Analysis and Processing**
 - Generated Monte Carlo projections and found the best day to buy/sell using stock market data
 - Determined the shortest walking path between two locations on campus using path data
 - Used parallel computing to calculate the population inside a region of the US from census data
- **Computer Vision**
 - Experimented with lighting, angles, and obstruction effects on facial recognition using OpenCV
- **Math and Physics Simulations**
 - Brownian motion: explored the random motion of particles due to collisions with their medium
 - Produced Sierpinski's Triangle and approximated Euler's Number using randomization
 - Built Conway's Game of Life cellular automaton using ReactJS.
- **Cloud (Azure)**
 - Worked on text-to-speech and speech-to-text programs using Azure's cognitive services.
 - Deployed static web applications on Azure's platform.
- **Games**
 - Recreated games like Mine Sweeper, BMTron, Pong, and Tic-Tac-Toe using ReactJS and Python

Work Experience

- **Private Tutor** (2019, 2020, 2021)
 - Individually tutor English, Algebra 2, Geometry, Pre-Calculus, and AP Chemistry
- **Abercrombie & Fitch Brand Representative** (2019, 2020)
 - I gained customer service, communication, and time management skills in a professional setting
- **Newport High School Rocketry Club** (2019, 2020)
 - Leadership team; qualified and competed at TARC Nationals in Washington, DC.
- **Freelance Photographer** (2020, 2021)
 - Take portrait photos for group and individual events including prom, senior portraits, etc.
- **Evergreen Health Hospital Volunteer** (2019, 2020)
 - Transported patients, performed lab runs, assisted visitors, ran the information desk, etc.
- **Tyee Middle School Math Club Coach** (2018, 2019, 2020)
 - Taught middle schoolers competition math every week, prepared for competitions
